

CLIMATE CHANGE INFORMATION

Dear Reader,

Climate change constitutes one of the most significant challenges of our time, exerting global challenges on the environment, economies, and society as a whole. As Sefin S.p.A., we acknowledge our responsibility to help mitigate the impacts of this crisis by implementing concrete and sustainable measures to reduce our environmental footprint. This commitment is integrated into our context analysis.

Sefin S.p.A. is dedicated to engaging all partners in this initiative, understanding that addressing climate change requires collective action. For this reason, we actively collaborate with our suppliers and partners to enhance their environmental performance and encourages sustainable practices across our value chain.

To achieve a meaningful impact, the support and cooperation of all stakeholders are crucial. We invite you to join us on this journey by adopting sustainable measures within your organizations and communities.

We are available for further clarifications and to explore collaborative proposals that can enhance our collective efforts in combating climate change.

Thank you for your ongoing commitment and support.
